Procreate Pet Portraits: 3 Playful Styles: Prepare to make adorable pet portraits that make the hearts melt and tails wail!

Attention, pet-loving friends, and creative spirit! Are you looking to learn how to create stunning pet portraits using Procreate that show your distinct characteristics with your pet (and feathered) family members?

In this class, I'll show you not only one, but not three, but THREE fun designs of pet portraits guaranteed to please every pet's parent and fan of furry friends!

Fluid Line Art Simple and Beautiful! Fluid line art isn't only a relaxing art to create and create the perfect present for those with a modern interior design!

Flat Style Create graphic, flat-style pets that look strong and captivating. Learn how to create an old-fashioned print effect that will take you back to another time.

Fashioned Fur Learn my easy-to-learn method of creating an appealing fur style that captures the distinct character of your pet.

Along with creating beautiful portraits of your pet, you'll gain a few digital techniques as you go.

In this course, you'll be taught about:

- Using Procreate. Procreate app
- sketching
- Simplifying and stylizing a subject
- selecting the best brushes
- Working with color
- rendering textures
- The effects are also added
- Blend modes

Don't be worried if you believe your drawing skills aren't pedigree-worthy. You'll work closely with reference photos to get all the adorable details right! I've designed the course to be simple and easy for artists who are beginners and experts alike so that you can begin making your pet portraits from the moment you sign up.

Make personal gifts, beautiful home decor, and much more!

It's time to fill your life with a little pet the magic! Imagine presenting your friend with a present that will make their heart dance with a personalized pet portrait just as unique as their pet. Imagine your pet's image adorning the wall of your house and turning ordinary rooms into cozy spaces brimming with the love of your life.
