Acronis True Image 2026 Build 42980 for Win & Mac + Bootable

2026-05-02 12:45:34

Acronis True Image is a comprehensive cybersecurity solution designed for home users, offering reliable backup, disk cloning, and advanced protection against cyber threats. With time-proven technology and millions of satisfied users, it provides complete control over the backup process.

Efficiency is a key feature, offering fast backup and recovery, quick data upload/download, and a pre-configured full-system backup plan. The user-friendly interface allows for intuitive, one-click backups with automatic protection. It supports various backup options, including full image replicas, local backups to internal/external drives or networks, and secure cloud backups to Acronis data centers.

excels in cybersecurity with ransomware detection based on behavioral analysis, real-time protection against malicious processes, and automatic recovery of files affected by ransomware. The web-based console enables centralized management of all protected devices, including remote configuration and execution of backup and recovery processes. **Acronis True Image** safeguards a range of devices and services, supporting Windows, macOS, iPhones, iPads, Android devices, and cloud services like Outlook mailboxes and OneDrive.

Key Features of **Acronis True Image**:

1. Time-proven technology with millions of satisfied users.
2. Complete control over the backup process.
3. Fast backup and recovery operations.
4. Quick upload and download of data.
5. Pre-configured full-system backup plan for efficiency.
6. Intuitive user interface for easy navigation.
7. One-click backup functionality for simplicity.
8. Automatic protection to streamline cybersecurity.

所有软件资源 100%安全 已检测 无病毒 无篡改
