Package information

This collection comprises a set of Lightroom presets available in both the newer .xmp format and the older .lrtemplate format. The presets are categorized into different themes, including "Commercial," "Film B&W," "Film C-41," and "Wedding." Each category contains specific presets designed to enhance various aspects of photography, such as adding borders, increasing punch, and emulating different types of film (e.g., Kodak Ektar 100, Ilford HP5). The wedding presets offer a range of black and white as well as color adjustments to suit different styles and moods.
