

Alasmart v2.0.2 - Digital Product Download Marketplace Laravel Script Retail

2025-04-12 23:46:28

is a powerful marketplace solution designed to help you sell digital products like software, videos, audio, templates, and more. Built with the latest Laravel framework, it allows businesses to create a professional, multi-vendor platform where multiple sellers can list and manage their digital products. With a sleek, responsive design, **Alasmart** ensures customers have a seamless experience, whether they're browsing on desktop or mobile devices.

This marketplace script has essential features to enhance customer and admin management. Sellers can manage their products, set prices, and track sales, while administrators have complete control over product categories, payment methods, and user management. **Alasmart** supports several payment gateways, including PayPal, Stripe, and Razorpay, making it easy for customers to purchase and download digital products. Additionally, it offers built-in SEO, Google Analytics, and social media integrations to help you reach more customers.

Alasmart - Digital Product Download Marketplace Laravel Script also includes helpful tools for managing marketing, customer support, and site maintenance. The platform supports multiple languages, including RTL (right-to-left), and offers a maintenance mode for updates. With features like a coupon system, live chat integration, and custom pages, Alasmart ensures your marketplace is flexible, secure, and easy to navigate.

Key Features of Alasmart :

- Multi-Vendor System:** This system allows multiple sellers to register, manage their products, and process sales from a single platform.
- Responsive Design:** Built using Bootstrap 5, the fully responsive platform ensures a smooth experience on all devices.
- Multiple Payment Gateways:** Supports popular gateways like PayPal, Stripe, Mollie, and others, making transactions easy for your customers.
- Product Management:** Sellers can add products with variant pricing, manage reviews and comments, and track sales performance.
- SEO & Marketing Tools:** Integrated SEO settings, Google Analytics, and Facebook Pixel help boost your marketplace's visibility.
- Multi-Language Support:** Supports unlimited languages, including right-to-left languages, making it suitable for global audiences.
