Aescripts Handy Hands 2:

Handy Hands 2 is a streamlined tool designed for creating and customizing hands within a single shape layer in animation software, reducing timeline clutter.

"Handy Hands 2" Sample:

- Style Buttons:** Quickly switch between preset hand styles such as Simple Fill, Separated, Tapered, Stroke, and Advanced Stroke.
- Manage Buttons:** Utility options for hands, including swapping left/right, rotating 180 degrees, adding linked hands, and a 3-Fingered Mode.
- User-Friendly Interface:** A new, easy-to-navigate panel with compact, icon-based tabs and detailed text descriptions for each feature.

This tool simplifies hand creation, styling, and posing, making it efficient and user-friendly for animators.
