One ManTribe Psychedelic Electronic Percussion Vol.1:

Explore new dimensions of creative percussion with Psychedelic Electronic Percussion Vol.1, featuring an array of innovative percussion elements and beats. The included FX was dynamically played live, with parameters printed simultaneously, infusing each loop and one shot with a vibrant sense of movement and liveliness. Ranging from deep bass to mid-range tones, high frequencies, and shakers, this pack is your go-to secret weapon for infusing a burst of fresh, dynamic color into your tracks. Crafted and performed by Ben Aylon.
