Splashed – Modern Watercolor Art CM - 7090536:

The Splashed – Modern Watercolor Art PS Action transforms photos into professional splash watercolor artworks with high detail and customization options. Designed for photographers, graphic designers, and artists, this action provides unique results each time, even on the same area.

Users have full layer control after processing, allowing for modifications such as removing, transforming, scaling, rotating, blurring, or duplicating layers.

Compatible with Photoshop CS3 through CC2022+, the action includes ATN, ABR, and PAT files for easy use.
