Mobile App Promo (Videohive 38668638) - AE Project: This animation template can be useful for promotional materials with an animated theme. It can be used as-is or customized to fit your preferences. There are many dynamic effects and multi-purpose promotional scenes.

Mobile App Promo is the only 3D-based template in this market that works very well, even on lower-end computers.

This project was created to surprise you and take productivity to the highest level. You can work more efficiently and spend more time on your creativity! 3D video displays are the essential tool and must-have software for motion artists filmmakers, vloggers, filmmakers, and all those who wish to be noticed by the public.

- Avertissement: Element 3D plugin required.
- Many Controls. Each of the scenes comes with its own color control.
- Photos from Promos that were used do not count (CC0 License)
- Graphic Elements. We designed the highest number of variations of graphic elements that may be needed
- Montage versions. Very simple to make variations in the durations for your 3D solution. Just change the duration and create duplicate scenes.
- Display your major future plans. Images, video devices, people, and others.
- Easy to use. Make time! This is the best collection which can be used to make your own animated blog
