Unreal Engine - Dark Castle Environment: Introducing the extra-detailed Dark Castle environment, perfect for your game or movie. The assets in the Dark Castle have been manufactured to the latest quality standards and have passed quality control. These assets are significant for dynamic lighting and ray tracing technology. The Dark Castle is entirely modular and can be rebuilt according to your wishes. This great pack will take you to the next level of quality.

Attention: This environment uses fully dynamic lighting. It can reduce your fps.

The number of unique meshes is 25, and collision is automatically generated. The vertex count ranges from 5,000 to 30,000. It includes LODs and a total of 39 materials and material instances. The pack comprises 91 textures with a resolution of 4096x4096.

- 4K textures
- Extra detailed
- Optimized
- Modularity
- Dynamic lighting
- Easy to use
