These presets are our most popular item. They can be used for street and urban photography. This preset is perfect if you want to create an amazing Instagram feed! This pack is suitable for all levels of photographers, amateur or professional.

This comes as part of your purchase:

- 6 Presets for Mobile CINEMATIC
- 6 Desktop CINEMATIC Presets
- 2 PDF Installation Tutorials

These presets have been tested on several photos, and we offer 6 presets that can be used with different settings, exposures, tones, and other parameters. You will find the right preset for you with these options.

Important:

- Extended Commercial and Commercial licenses prohibit the resale or re-distribution of CVR Presets.
- Multiple photos are used to test all presets. Keep in mind, however, that every photo is different and each preset works differently. This preset can be used as a base for editing an image. You can then make minor adjustments to find the best settings.
