Winsoft ComPort for Android Prolific v4.3 for Delphi & CB 10.4-12 Athens Full Source

2026-10-04 21:22:13

is a serial communication library designed for Prolific devices on the Android platform, compatible with both Delphi and C++ Builder. It harnesses the capabilities of Prolific PL2303 and PL2303G libraries, offering seamless integration without requiring special root access privileges. This library is accessible for Delphi/C++ Builder versions 10.4 to 12, and the registered version includes the complete source code, allowing for royalty-free distribution in applications.

Key Features of **Winsoft ComPort for Android Prolific**:

1. Utilizes Prolific PL2303 and PL2303G libraries
2. Does not require special root access privileges
3. Compatible with Delphi/C++ Builder versions 10.4 to 12
4. The registered version includes complete source code
5. Allows for royalty-free distribution in applications
