Splitter: One-click halftone color separations with Photoshop. Create full-color images for silk screen printing or RISO in less than 30 minutes. Use it to achieve the retro look of printing.

Included are line and dot halftone actions which divide any design or image into four shades. Open the canvas then load the actions and then press play.

- Halftones for dot and line actions
- High resolution 3000x3000 with 72 DPI
