

Figure Drawing – Line Art and Value

2025-02-10 17:01:42 label 我要反馈 下载页面

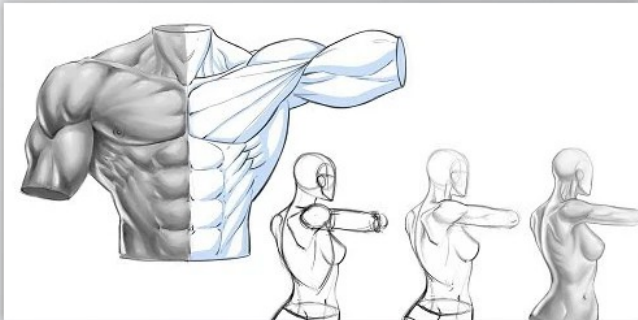

Figure Drawing – Line Art and Value: In this course, you'll be taught how to dissect certain human body parts using value studies and line art. One of the main reasons we can't draw the figure in the way we'd like to is that there are certain areas we don't fully comprehend what we need to do.

What do I expect to be learning in the course?

- How to Study Specific Areas of the Figure
- How to Add Value to Create Depth and Dimension
- How to Draw the Male and Female Torso
- Muscle Anatomy and Terminology
- Various Bony Landmarks

What tools do I require?

Utilize whatever tools you like to create line art and create value. I'll use digital tools, but you can do it with a pencil, paper, or a mixing stump. If you're working digitally, you'll typically use a smudge brush on a low setting or a soft airbrush to convey your values.

The reason why I must attend the class?

These kinds of studies help you overcome the mental barriers to draw your human form with greater confidence.

Try this out with the areas you struggle the most with. It's not straightforward at first, but in the end, you'll be able to transform your work and feel satisfied with having conquered the most challenging issues.

Be aware that most doubts stem from absconding from what we are aware we must be doing!

Lesson Breakdown

- 1 - Spine of Scapula - Line Art
- 2 - Spine of Scapula - Refinement
- 3 - Spine of Scapula - Value Study
- 4 - Male Torso - Clavicle and Sternum Study
- 5 - Male Torso - Clavicle and Sternum Refinement
- 6 - Male Torso - Clavicle and Sternum - Value Study
- 7 - Leg and Knee Anatomy
- 8 - Leg and Knee Anatomy - Refined
- 9 - Class Project
