Element One Modern Jungle (WAV): Element One proudly presents Modern Jungle A fresh and modern approach to the music of the jungle that is influenced by the likes of Tim Reaper, Coco Bryce, Sully, Dwarde, Moresounds, FFF, and Dead Man's Chest. This sample pack is diverse and includes an extensive selection of single shots and loops locked at 160 BPM and ready to be dropped into any jungle production, including drum and bass breakbeat, halftime, or breakbeat production.

Drum Breaks and Percussion is an amazing selection of tense drum breaks that have a diverse variety of grooves to draw from. It also includes shaker loops and glitches as well as break-ups that are phased.

Bass Loops: a collection from deep bass subs and 808s pads, organs Acid lines, and much more.

Melodic Loops: a collection of musical elements that span synths, organs, and piano, feedback from guitars, Sequences, Reese Synths keys, and plucks.

Pad & Chord Loops is a collection of nostalgic, rave-ready, and melancholic chord and pad loops covering a range of synth pads as well as electric keys.

Vocal Samples: A selection of vocal samples to add to your productions, such as cut phrase rhythms, MC one-shots Female and male vocals.

FX Loops: Dub Sirens glitched-out risers, drum breaks, and synth zaps to add ambiance to your jungle-themed productions.

FX One-Shots: glitch FX impacts one-shots of stretched and glitched drums lasers, and synth Zaps.
