SOUND EFFECTS

"Astral Lounge Beats" is a term used to describe a subgenre of electronic music, typically characterized by its chill, downtempo, and dreamy sound. This music style often combines lounge music, ambient music, and downtempo electronic music to create a relaxed and immersive sonic experience.

Astral Lounge Beats are frequently used in various multimedia applications, including background music for videos, spa and wellness centers, meditation sessions, and as an enjoyable and mellow listening experience.

It's important to note that Astral Lounge Beats, like other music subgenres, is characterized by a variety of artists and producers, each contributing their unique style and interpretations to the genre.
