### Where can I download the product?

After subscription, You can download it for free from here.

The brushes vary they can create a soft fur look as well as coarse and wiry as well as some kitten soft. There are brushes that can be used that are suitable for a fleece effect and for duckling down. When combined, you'll create amazing effects to create realistic animals or for unicorn/monster fantasy art. Also, .... you could make use of these hair effects for your own hair, too.

To get a better result You can use the brushes for smudging as paint and create layers layer by layer. Test layers to give your artwork real richness and depth. An overlay is a great option. The set comes with brush bases that are useful to get started painting. include fine details, shade, and even paint noses and eyes!

### What is Animal Fur Procreate Brushes?

"Animal Fur Procreate Brushes" refers to a set of digital brushes created specifically for use in the Procreate app on iOS devices like the iPad. These brushes are designed to simulate the texture and appearance of various types of animal fur, making it easier for digital artists and illustrators to create realistic and detailed fur textures in their artwork.

Procreate is a popular digital painting and illustration app that offers a wide range of brush customization options, making it a versatile tool for artists. Users can create and import custom brushes to achieve specific effects or textures, and this includes brushes designed to mimic the look and feel of animal fur.
