Anarogu Film Collection - V3 Presets:

A meticulously crafted collection of 10 presets inspired by iconic Kodak, Fujifilm, and Ilford 35mm film stocks, alongside bonus digital filmic recipes. Designed to replicate the essence of film photography, these presets emphasize clean edits, soft tones, medium saturation, and dynamic colors, ensuring natural skin tones and a timeless aesthetic.

- **10 Unique Presets:** Tailored for portraits, streets, lifestyle, and landscapes.
- **10 Lightroom Tools:** Enhance and refine edits effortlessly.
- **Compatibility:** Works seamlessly with Lightroom (Mobile, Classic), Camera Raw, and Photoshop.

Preset History:

- **V3 (2024 - Current):** Latest and most refined collection.
- **V2 (2022 - 2023):** Prior iteration showcasing evolving expertise.
- **V1 (2019 - 2022):** Classic foundation of the preset journey.

Note:

While digital presets aim to emulate film's magic, they reflect the inherent variability of film exposure, development, and scanning. These presets are a representation of the distinctive characteristics of classic film stocks, perfect for achieving a cohesive and professional film-inspired look.
