Delphi

Winsoft Barcode Suite for FireMonkey is a robust image processing library for Delphi and C++ Builder, integrating the ZXing-C++ library to facilitate barcode decoding and encoding. The suite ensures comprehensive functionality for developers by supporting an extensive range of symbologies such as Aztec, Code 39, QR Code, and more. Compatible with Delphi/C++ Builder versions XE2 through 12, the library offers cross-platform support for Windows, macOS, Linux, iOS, and Android, providing a versatile solution for barcode-related tasks.

The inclusion of the ZXing-C++ library enhances the decoding capabilities, while the suite's flexibility allows encoding support for various barcode types. Developers benefit from complete access to the source code in the registered version, enabling customization and insights into the library's implementation. The Winsoft Barcode Suite stands out for its broad platform compatibility, making it an essential tool for developers working in diverse environments.

In addition to its technical capabilities, the suite offers a hassle-free licensing model with royalty-free distribution in applications, ensuring developers can seamlessly integrate barcode processing into their Delphi and C++ Builder projects without concerns about additional costs or licensing restrictions. Overall, is a comprehensive and adaptable solution that empowers developers to handle barcode image processing tasks in their applications efficiently.

Key Features of **Winsoft Barcode Suite for FireMonkey** :

1. Comprehensive image processing library
2. Integration with ZXing-C++ for decoding and encoding barcodes
3. Support for various symbologies: Aztec, Codabar, Code 39, Code 93, Code 128, DataBar, DataBar Expanded, Data
4. Matrix, EAN-8, EAN-13, ITF, MaxiCode, PDF417, QR Code, UPC-A, UPC-E, Micro QR Code, Rectangular Micro QR Code, DX Film Edge
5. Compatible with Delphi/C++ Builder XE2 through 12
6. Cross-platform support: Windows, macOS, Linux, iOS, Android
7. Complete source code included in the registered version

8. Royalty-free distribution rights in applications
