SftTree/DLL v7.5 Tree Control + CRACK

2024-12-18 23:03:45   label 我要反馈   下载页面

The fastest and most feature-rich tree control using DLLs around. This tree control is suitable to fulfill all your hierarchical data display requirements or as an alternative for a Listbox with multiple columns or even a Virtual Mode for flat lists.

SftTree/DLL is a tree control that can be used with C and non-managed C++ using Visual Studio. It requires no effort to use; it will transform your basic list box with checkboxes to multi-column, multi-line the display of hierarchical data. Make use of this for "just" a high-capacity, visual list box, or make use of all its features and amaze your customers by utilizing all its capabilities.

SftTree/DLL Tree Control Great Features:

- Hierarchical item display
- Fixed or variable height items
- Single and/or multiple text lines per cell with word wrap
- Single and multiple selection built-in
- Virtual mode (for flat lists only)
- Owner-drawn cells and content windows for complete control over cell contents
- Splitter bar
- ToolTips and ScrollTips
- Drag & drop with automatic scrolling, within and outside tree control
- Single and multiple roots
- Expand/collapse buttons
- True multi-column support
- Column headers as titles or buttons with images and text
- Column footers as titles or buttons with images and text
- Resizable and reorderable columns
- Individual column colors
- Fixed width or open-ended last column
- Row headers as titles or buttons with images and text
- Row/column header as title or button with images
- Row/column footers as title or button with images
- Selectable column alignment (left, right, center)
- Sorting
- Cell editing using Windows controls
- Tree items with individual attributes
- All images are fully customizable
- Treelines fully customizable
- Support for C and C++ (MFC) using Visual Studio
- Support for Windows 2000 through Windows 10, server editions, and 32-bit and 64-bit editions
- Complete implementation, not a sub/superclassed list box
- No predefined maximum number of items
