OneNoteGem Gem for OneNote, developed by Digital GemSoft, serves as a robust third-party add-on designed to augment the capabilities of Microsoft OneNote. Compatible with Windows Office OneNote versions 2021, 2016, 2013, and 2010, this toolkit combines over 560 features across six tabs, offering a comprehensive set of tools for personal and professional use. One notable enhancement is the introduction of a tabbed interface, allowing users to work with multiple notes concurrently and easily switch between them.

In terms of formatting, introduces advanced options, empowering users to incorporate equations, symbols, and special characters into their notes. Customization extends to the appearance of text and images, providing users with a richer editing experience. The add-on also includes robust tools for organizing notes into outlines, facilitating efficient task management with features like reminders and deadlines.

Search and navigation are streamlined with advanced capabilities, enabling users to conduct searches across multiple notebooks and sections. This feature-rich extension aims to enhance the overall user experience within Microsoft OneNote. Additionally, Gem for OneNote provides an array of tools, such as page templates, advanced editing features, table enhancements, tagging options for improved organization, and versatile export capabilities. It further includes functionalities like audio and video recording directly within OneNote, making it a versatile and powerful extension for augmenting the capabilities of Microsoft OneNote to meet a variety of user needs.

Key Features of **OneNoteGem Gem for OneNote**:

1. Tabbed Interface for working with multiple notes simultaneously.
2. Advanced Formatting options, including equations, symbols, and customizable text/image appearance.
3. Outline and Task Management tools, facilitating organization, and setting reminders or deadlines.

4. Search and Navigation features for efficient exploration across notebooks and sections.
5. Pre-designed Page Templates for structured and visually appealing notes.
6. Advanced Editing Tools for bulk editing page titles, content modification, and text formatting.
7. Table Tools enhance table functionality with sorting, filtering, resizing, and cell merging.
8. Tagging and Organizing options for improved note categorization and retrieval.
9. Export and Backup functionalities allow notes to be exported to various formats and provide backup and restore features.
10. Record Audio and Video directly within OneNote, attaching recordings to notes for reference.
11. User Interface Customization for a personalized OneNote experience, including window docking and note pinning.
