Neo Arabesque is an array of Islamic borders and art patterns made with watercolors. It is an innovative and fashionable color palette that gives this ancient and timeless art an innovative and modern new twist.

The seamless borders and patterns are designed in massive sizes at 300 dpi so that they can make them suitable for any project without having to worry about losing resolution. Additionally, all images are png files that have a transparent background, meaning you can put them on different backgrounds and get a different appearance each time.

This collection can be used for textiles, fabric stationery invitations, wallpaper, wall art packaging, home decor, and wedding branding ... You know what!

The zip file contains

- 16 seamless patterns, png images with transparent backgrounds.
- 14 seamless borders, png images with transparent backgrounds.
