**Aura Leaks Photo Effect CreativeMarket - 6893896:** The ability to visualize the spheres of color that humans have was not available to everyone, but often, objects or individuals have a certain energy that's difficult to ignore. It's possible to see! The art of this task is possible because of Aura Leaks' photo effect. This effect lets you color an image with illuminating, variegated lights that are equivalent to emotions that one experiences from watching it. On the other hand, these filters give a vintage VHS feel to them. It's an alternative method of incorporating these effects into your graphic design idea.

What does your aura appear like? Check out the included filters to determine which one is the most suitable for you We've named them **Lunar Ritual, and Sacral. These effects are for photo editing** each one highlighting the artwork by putting emphasis on the right and left. The stunning glow is created to live by **the 15 different gradients** that come in a multitude of different shades. They are then incorporated as an independent installation file. Be confused by the dimensions of the file not anymore, because in this package you'll be thrilled to get **square, horizontal, and even vertical** PSD files that can be used in any format of the asset. The image will be glistening for your project's presentation or advertisement or newsletter, merch assortment or social media post, and much more!
