What is Biscuits – 3D Lettering?

this indicates a style of three-dimensional (3D) lettering or typography that is designed to resemble the word "Biscuits."

In the realm of graphic design, 3D lettering involves creating letters or text with the appearance of depth, often using shadows, shading, or other techniques to make them look as if they are three-dimensional. This style can be applied to various design projects such as logos, posters, banners, and more.

If "Biscuits – 3D Lettering" is a specific design or font, it could be a custom creation or a commercially available font set designed to evoke a sense of dimensionality and visual interest. Designers often use such styles to make text stand out and convey a specific aesthetic.
