The welcoming glow that is erupting from an image isn't at all out of reach! The spiritual light rays that dance around the image will add a mysterious feel to your photos immediately after clicking. Which kind of power will it be willing to offer? Select one of your images and this photo effect of light leaks to find out the answer.

Flaming waves of color covering the artboard can you think of anything more exciting than what you've seen this morning? Create striking photos for friends or clients with this photo effect! The light tilts the scene, and the texture of light noise enhances the overall effect.
