#### GiliSoft SlideShow Maker v14.3 (Win):

GiliSoft Slideshow Maker is a versatile software designed to create stunning slideshows for life's special moments, such as birthdays, weddings, anniversaries, graduations, and vacations. It allows users to convert photos and videos into HD slideshows with support for various image formats like JPG, PNG, TIF, and RAW files, as well as video formats including MP4, AVI, MOV, and WMV.

The software offers over 300 2D/3D transition effects, customizable audio options with support for multiple formats, and tools for text captions, filters, and watermarks. Users can fine-tune slideshow length to match music duration and optimize photos with brightness, color adjustments, and cropping tools.

It also supports easy sharing to platforms like YouTube, Facebook, and Google Drive, as well as exporting for mobile devices and DVD burning.
