下载页面

Diffuse light in a cloudy autumn morning. Camera settings: Aperture 2.8, ISO 200-400, Exposure 1/200

Be aware of the following moments when using presets

Contrast and exposure - I don't like contrasting photos so the contrast is below 0. You can adjust both the exposure and contrast to suit your needs.

You will notice that the preset contains a Radial Filter. It must be centered Shift+M

- Compatible with **Adobe Lightroom**
