

Photoshop advanced manipulation course – The great deer

2025-02-10 16:44:32 [label](#) [我要反馈](#) [下载页面](#)

Requirements

- Basic Photoshop Knowledge

I'm an instructor, digital artist as well as a YouTuber. I'll walk you through the course of creating a compelling photograph manipulation style with Adobe Photoshop. In this class, I'll share a variety of practical techniques and the top practices I've used in my own work. This is an effective method to increase your skills in photo manipulation with a focus on working with types.

Gfx plugin details of Photoshop advanced manipulation course – The great deer

The product is in the **Tutorial category**, for more information about this post you can click on the home page link in the sidebar.

These are the steps we'll be following:

- The process of putting images together
- Adjusting the light values to determine the depth
- In the process of matching the saturation of each photo
- The colors of each photo must match to match the images
- The haze effect can be added to the mix.
- By adding shadows and light, you can blend objects
- Finalizing the look and color Grading

In this course, an understanding of Adobe Adobe Photoshop is recommended.

Utilizing the same images, make an effort to develop a more creative idea using various color options and send it to us.

This course is to be used for:

- Graphic designers
- Digital artists
- Retouchers of photos
