For those who have wrapped up your sleeves and began work on a WPF application, MindFusion WPF Bundle offers more than 1 method to make your job easier and less time-consuming. This collection of native Wpf elements gives your program every attribute it may ever have to create, personalize, and current graphs, diagrams, flowcharts, calendars, reports, indicators, user interfaces, Gantt charts, and a lot more.

MindFusion supplies you with a quick and effortless method to include advanced flowcharts, calendars, reports, maps, indicators, and charts. The package combines several multi-purpose programming tools that increase your application's attributes, which take weeks to develop.

MindFusion WPF Pack comprises diagramming, scheduling, reporting charting, and also estimate controls which may be employed to make all sorts of flowcharts, strategies, charts, calendars, tables, programs, company reports, and much more. MindFusion.WPF Bundle comprises the following individual products: MindFusion.Diagramming for WPF, MindFusion.Charting for WPF, MindFusion.Scheduling for WPF, MindFusion Virtual Keyboard for WPF, MindFusion.Reporting for WPF and MindFusion.Gauges for WPF.

MindFusion WPF Bundle comprises the following individual products: MindFusion.Diagramming for WPF, MindFusion.Charting for WPF, MindFusion.Scheduling for WPF, MindFusion Virtual Keyboard for WPF, MindFusion.Reporting for WPF and MindFusion.Gauges for WPF.
