Summer Glow Photo Effect - 279915997:

The Summer Glow Photo Effect allows users to effortlessly create mesmerizing, high-quality images using Smart Object layers for full customization.

With two PSD files provided at 4500x3000 px and 3000x4500 px resolutions (both at 300 dpi), this template simplifies the process of enhancing photographs.

By replacing placeholder shots with custom graphics and adjusting settings, users can achieve stunning results directly in Photoshop.

A help file is included to guide users through the setup and adjustment process, ensuring a seamless creative experience.
