## ### The state of the state of

## Acid Fluid Lava Text Effect - 280644891:

The "Acid Fluid Lava Text Effect" is a dynamic design asset that enhances visuals, making them more compelling than words.

Ideal for branding logotypes and presentation elements, this text effect utilizes Smart Object Layers, allowing easy customization by double-clicking the thumbnail, replacing the placeholder, and saving.

The pack includes a high-quality PSD file with a resolution of 4500x3000 pixels at 300 dpi and offers two color options.
