Riemann Kollektion Riemann Dark Melodic Techno 5: Elevate your darker melodic techno productions with this cutting-edge sample pack!

Drawing inspiration from the likes of Tale Of Us, Afterlife, DJ Dixon, Ame, London Grammar, CamelPhat, Hidden Empire, Innervisions, and renowned festivals such as Awakenings, Tomorrowland, or Burning Man, this collection is designed to propel your creations to the next level.

The fundamental building blocks, including bass loops, hi-hat loops, percussion loops, kick drum loops, and more, lay the groundwork for constructing dynamic beats. To kickstart your creative process, 38 beat loops with variations are included, offering a solid foundation for your track.

Layer your unique synthesizers or leverage the 65 synth or chord loops provided in the pack. All sounds seamlessly integrate with modern DAWs like Ableton Live, FL Studio, Logic Pro, Cubase, or Bitwig. Additionally, the one-shot samples are compatible with hardware samplers such as Akai MPC, Toraiz SP-16, or Elektron Analog Rytm.
