Discovering 3D: Bring your 2D Drawings to Life: Embark on your journey into digital sculpting with this beginner course! Discover the simplicity and creativity of transforming a 2D character sketch into a captivating 3D model using Nomad Sculpt. Whether you're aiming to craft designs for 3D printing or seeking a fresh approach to your artistic endeavours, this class will guide you through the process, bridging the gap between contemplating 3D and taking action.

Step-by-step, I'll demonstrate how to breathe life into your 2D sketches using basic shapes and intuitive sculpting techniques. You'll learn skills to adapt to your designs quickly, empowering you to unleash your imagination in the fascinating world of 3D art!

What You Will Need:

- Tablet capable of running Nomad Sculpt (such as iPad, iPad Pro, Samsung tablet)
- Nomad Sculpt Application
- Snacks (optional but encouraged for sustained creativity!)
