Okie Doko Artichoke. This display font is full of personality. It's inspired by western-style retro slab serifs but incorporated into contemporary settings with subtle curly corners. The quirky character is great for cartoons and has a laid-back design aesthetic. And with a wide variety of widths and a variety of fonts, this font lets it adapt and take up every space. Make use of Okie Doko for stickers, cartoons and merchandising, Instagram branding, posters, and more. The font appears as shown in the preview. The 3D appearance in the Thumbnails is an effect (Video Tutorial in the product)
