**Rewind Samples Obsidian: Drum and Bass (WAV):** Dive into the dynamic world of Obsidian: Drum & Bass, a sample collection that unleashes an unbridled surge of authentic DnB energy. Bridging the realms of halftime, jungle, and dancefloor, this pack infuses your tracks with gritty vintage vibes, creating a distinctive presence that pushes the boundaries of darkness.

Experience the adrenaline rush as the soundscape undergoes a complete transformation, immersing you in a symphony of saturated analog melodies, intricate rhythms, and distorted frequencies. With deep and progressive pads, versatile drum and tonal one-shots, and impactful SFX, Obsidian delivers premium samples, catering to the ambitions of passionate drum and bass enthusiasts navigating the modern bass music landscape while paying homage to the golden era.

Obsidian is the collaborative creation of two scene maestros: Kursiva, a DnB maverick, and Antares, a break-heavy jungle expert. Together, they merge their distinctive styles to curate an unstoppable collection of sampling materials, leaving a lasting impression.

Rewind Samples ensures all recordings are exported in the industry-standard, versatile 24-bit/44.1kHz WAV format. Both loop and one-shot samples are presented without additional processing, allowing producers maximum flexibility to shape and control their sound. Encouraging artistic freedom, we invite you to chop, mash-up, and transform these samples to let your creativity flourish. Explore the broader Loopcloud catalog for more inspiring possibilities.
