To search for similar products to the Splyxer Memphis Cult Drum Kit,

It incorporates two iconic pieces of hardware from the 90s' early days, including the Roland DR-DR220 and its predecessor known as the Roland DR-808, this kit honors the Underground Memphis Rap Genre.

By utilizing these instruments' power, we've carefully curated a stunning collection that includes 100+ Melody Loops that are original and 100+ analog drum Sounds as well as 100+ drum loops. To preserve the authenticity of analog sound, every sound has been carefully processed using an authentic cassette deck. Additionally, we've included a wide range of extras like Melody Stems, Tape Recorded Vocal Samples as well as Bonus Samples.

Our loops aren't just marked using BPM and Key to allow for easy integration into your project in moments, but we've added 808 bass-based original sounds from the DR 220--a full collection of pre-sets that are which are synonymous with the production of tracks from the Memphis Cult. Furthermore, you'll discover a vast selection of more than 400 Original Clean Acapellas, along with a variety of samples and loops.

With its easy drag-and-drop feature, This kit is a boon for producers of all levels, from beginners to advanced professionals, giving an unparalleled opportunity to dive deeper into Memphis Rap Beats. You will receive a zip (3GB) file
