Logo Animation Masterclass In Adobe After Effects: Hello, I'm Aditya Gawde, a motion graphic artist from India. I've been in the field for over four years, and this is my first experience on Udemy. A few years ago, I began my journey as a motion designer; the most significant challenge I faced in this field was logo animation. Since then, I've been working to improve my skills and more, and now I am eager to share these skills with you all. In this class, we will learn easy and fun methods to create any Logo in Adobe After Effects. Whether you are a beginner or an experienced After Effects user doesn't matter. This course is for everyone.

In this class, we will explore five different types of logo animations.

- 01 Bouncy Logo Animation
- 02 Creative Logo Animation
- 03 Glitch Logo Animation
- 04 Elegant Logo Animation
- 05 Looping Logo Animation

Every type has, at minimum, two logo animations. You can follow the animation.

We will be learning each step-by-step, so it will be simple to follow along.

Check out this course and begin exploring the capabilities of After Effects and Photoshop to create unforgettable and unique logo animations.

Who is this course intended for:

- Beginner After Effects User.
- Motion graphics for beginners.
- Video Editors that are interested in logo-animated videos.
- Expert After Effects User.
