Deep Data Loops Jazzy House 2 (WAV, MIDI): Deep Data Loops presents a triumphant return to the fusion of House and Jazz with 10 invigorating construction kits. These kits seamlessly blend pulsating house beats with the distinctive sounds of jazz instrumentation. Beyond the rhythmic elements like kick, snare, clap, hi-hat, cymbals, and toms, you'll discover vibrant trumpet, acoustic bass, marimba, glockenspiel, and e-piano loops. Each sequence is thoughtfully provided as MIDI files, granting you the freedom to arrange, edit, or customize sounds to suit your preferences, all while enjoying the benefits of royalty-free usage.

Product Details:

- 10 Construction Kits featuring:
 - 90 WAV Loops
 - 80 MIDI Files
- A total of 800 MB

This product is meticulously crafted to optimize your production experience and deliver unparalleled entertainment. Whether you choose to assemble complete compositions from these loops or draw inspiration from individual elements to infuse your unique style, the possibilities are limitless. Elevate your productions with this carefully curated fusion of House and Jazz, where creativity knows no bounds.
