### What is the Cocktail Party Marker Bundle?

The "Cocktail Party Marker Bundle" is a collection or package of markers designed for use in planning and organizing cocktail parties. Here's a breakdown:

- **Cocktail Party:** Indicates a focus on items related to cocktail parties. This could include planning materials, decorations, or tools specific to hosting and organizing such events.
- **Marker Bundle:** Implies a collection or package of markers. In this context, "markers" could refer to various items used for marking or highlighting aspects related to cocktail party planning. This might include checklists, labels, or other tools for marking items off a list or making notes.

Without more context, it's not clear whether "marker" refers to actual writing tools or if it symbolically suggests a set of planning tools for marking and organizing various aspects of a cocktail party. The term "bundle" often implies a packaged set of items sold together, possibly for convenience and completeness in addressing the needs of organizing a cocktail event.
