SFXtools Creatures (WAV):

"We are delighted to introduce 'Creatures,' a library featuring 42 top-tier creature sound effects that will bring your darkest nightmares to life!

This collection offers a diverse array of creature sounds, encompassing everything from menacing giants and eerie ghouls to furious mutants, swamp-dwelling monsters, disruptive snores, guttural roars, blood-curdling screams, venomous insects, extraterrestrial growls, and otherworldly entities.

Each sound in this library was meticulously recorded at 24-bit / 192kHz and then masterfully crafted to industry-standard 24-bit / 96kHz, ensuring the highest quality demanded by today's cinematic production requirements.

'Creatures' is a perfect fit for horror, fantasy games, monstrous movies, and a wide range of audio-visual productions. Set your creatures loose!

Product Details:

- File Size: 109 MB
- Bit Depth: 24-bit
- Sample Rate: 96kHz
- Total Sounds: 42 Files"
