This is a total of 130+ minutes long video and voiceover in an English course where I've described everything in depth, and you'll be able to learn a lot here. I've included the shortcuts in pdf files and utilized straightforward techniques to make your work more efficient and straightforward. You'll also get a bonus file with the final one, which includes the entire in-depth video demonstrating how you can get the most clarity and contrast in your photos.

This course will provide you with more than seven lessons and 2 hours of material. It's even better - You'll also receive free portrait retouching tools. Also, other tools allow you to speed up your workflow!

Do not fret if you're an absolute beginner, as we'll go through the entire process from the beginning to the final touches. I will teach you how to process raw images with a camera raw. Also, if you are advanced, you can get a lot of information about editing and retouching your images and color grading methods.

In this section, you'll be learning:

- Removing Blemishes
- Frequency Separation
- Dodge & Burn
- Eye Retouching
- Camera Raw Filter
- Bonus
- You'll also get free portrait retouching actions as well.

I've also added the Premium Portrait Retouching Actions that include:

- Frequency Separation
- Dodge & Burn in a single layer
- Dodge & Burn curve normal
- Dodge & Burn one click
- Eye Shade Enhancement
- Eye Liner Enhancement
- Rosy Lips
- Smokey Lips
- Rosy Cheek
- Color Pop
- to add Shine
- Final step

- Photoshop CC
- No photoshop experience is needed.
- Beginner

- Intermediate
