What is the Autumn Tones Preset Pack?

An "Autumn Tones Preset Pack" is a collection of pre-configured settings or adjustments crafted for photo editing software like Adobe Lightroom or Adobe Photoshop. Presets serve as a set of predefined changes to color, tone, contrast, and other parameters, offering a quick and effortless way to impart a consistent and stylized appearance to photos with just one click.

Specifically tailored for the autumn season, an "Autumn Tones" preset pack is geared towards enhancing the warm, earthy, and vibrant colors synonymous with fall. These presets often emphasize rich reds, oranges, yellows, and browns, encapsulating the characteristic hues associated with the autumnal aesthetic.
