- how to make use of sunlight from golden hours to produce amazing photographs
- how to utilize the midday sun effectively
- how the position of your subject within the frame is crucial.
- how to manipulate scenes that have difficult lighting to make usable light at any moment of the day

### What is Light Seekers 2 – A Clickin Moms Breakout?

"Light Seekers 2 – A Clickin Moms Breakout" appears to be a photography tutorial or course offered by Clickin Moms, a photography community and online platform that provides resources, education, and support for photographers, particularly mothers who are passionate about photography.

The term "breakout" is often used by Clickin Moms to refer to self-paced, downloadable photography courses or tutorials that cover specific topics or photography techniques. These breakouts typically include video tutorials, written guides, and practical assignments to help photographers improve their skills in a specific area of photography.

"Light Seekers 2" suggests that this is a follow-up or a second installment of a photography course or tutorial series that focuses on lighting techniques, which is a fundamental aspect of photography. Learning how to control and work with light is essential for creating stunning and impactful photographs.
