Archipelago Quest 34 - Collodion Presets:

Quest 34 Collodion is a black and white preset collection inspired by the wet plate collodion tintype photography of the mid-19th century.

It recreates the iconic look characterized by matte highlights, high contrast, heavy vignetting, and tonal variations from neutral to sepia. The collection includes four unique presets with built-in masks, two distinct profiles, tools, and four borders designed to enhance the vintage tintype aesthetic.
