

GemBox.PDFViewer v2025.10.102 (03 Oct 2025)

2025-11-04 21:13:08

is a powerful and easy-to-use JavaScript tool for displaying, printing and saving PDF files directly in your web application. It's quick to set up, requiring only a few lines of code, and works seamlessly across all major web browsers. Whether you're working on a small personal project or a large-scale application, this viewer always ensures reliable and accurate PDF rendering.

Designed with versatility in mind, **GemBox.PDFViewer** adapts to different screen sizes and devices, offering a responsive experience for users on desktop or mobile. You can integrate it effortlessly into popular frameworks like ASP.NET, Angular, React, Vue.js, and more. Users can explore PDFs using bookmarks, thumbnails, hyperlinks, or by simply scrolling through the pages, making navigation smooth and intuitive.

Customization is at the heart of **GemBox.PDFViewer**. It includes built-in options for zooming, searching, and theming so users can interact with PDFs in a natural way. With support for multiple languages and the ability to add custom translations, it's ready to meet the needs of global audiences.

Key Features of GemBox.PDFViewer :

1. **Simple Setup:** Add the viewer to your project in just a few lines of code.
2. **Cross-Browser Compatibility:** Works flawlessly on all modern browsers.
3. **Responsive Design:** Adjusts automatically to fit any screen size or device.
4. **Multi-Framework Support:** Easily integrates with vanilla JavaScript, ASP.NET, Angular, React, Vue.js, and Svelte.
5. **Flexible Navigation:** Use bookmarks, thumbnails, hyperlinks, or tables of contents, or simply scroll through PDFs.
6. **Zoom Options:** Zoom in or out using a mouse, keyboard, touch gestures, or dropdown menu.
7. **Search Functionality:** Find content with highlighted search results and easy navigation between them.
8. **Localization:** Supports multiple languages with custom translation options.
9. **Custom Themes:** Choose from colorful themes or enable dark mode for a modern look.
10. **Royalty-Free Licensing:** No extra fees for deployment, making it cost-effective for any project.
