**Mountainside Meadows Wildflowers CM-1286565:** The watercolor clip art collection has been inspired by the winery wedding my family was at, and the latest trends in wildflowers and foliage. The combination of hand-painted peonies and olive branches, lush greens, and wildflowers give an organic, earthy feel to these watercolor graphics set. Mountainside Meadows envisions a meadow full of flowers that grow in the wild. the elements can be perfect for creating an invitation suite for your wedding and wall art pieces and stylish stationery sets.

Alongside the already-designed materials that are included in this set, There are also individual components that you can utilize to design your own customized designs.

- The design elements comprise 84 distinct design elements in PNG format that have transparent backgrounds
- 2 watercolors hand-painted in a coordinated way ampersands as well as 2 flourishes
- 5 fruits from the vineyard, grapes, and 1 wine barrel
- 6 watercolor wreaths that vary in size according to the shape (largest wreath is 3000px x 3000px)
- 16 . Floral arrangements of 16 floral arrangements PNG size with clear backgrounds
- 4 frames for florals and 2 dividers. Rectangle frames are 5.253 by 7.253 inches. They are transparent PNG format for wedding invitations. Circles are slightly smaller. There are also 2 PNG dividers
- 8 floral seamless designs in PNG and PSD formats.
