Cinetools Label Sampler

2025-02-10 16:48:47 　 label 我要反馈 　 下载页面

The Sampler for Labels comes with an amazing assortment of film-related SFX selected from six different Cinetools libraries, which have been released up to date. They also provide an overview of the Pro-Cinematic library.. Each of these soundtracks is perfect for any type of film from adventure to fantasy from action to sci-fi the genres of horror and thriller, from the esoteric to the mystical; whatever you're doing!

For more information about the music of each release go to the respective product pages for further details review, demo loops, and more.

Note: The sampler demo includes sounds from the complete product, but there is not every sound included in the sampler.

- Quality 24 Bit
- 379MB
- 75 cinematic samples
