Under the Sea Adventures: Mastering Procreate's Marine Magic: The ability to create an impressive and deep composition with a sense of the complexity of your work has never been more straightforward!

In this course in this class, the Sailor Seal will explore the ocean's depths to find the most helpful and valuable informational pearls. This voyage is packed with anticipation, wonder, and plenty of marine-themed puns!

You will be guided through the course most relaxingly by using gorgeous marine images as examples and clues.

This class will help you look at and recreate a seascape, along with how to make a captivating composition full of details and characters.

One at a time, each element will make up the overall look of the artwork, making this a beautiful and uplifting work.

Hi! My name is Christine, and welcome to a new Procreate drawing class!
The focus of today's class is getting involved with fundamental drawing concepts. You'll be taught about the theory of color, composition, perspective, and more.

Do not worry, my dear student, as this course is designed to help you with your goals! Every step of the procedure will be explained concisely, ensurinensuring you ease and confidence throughout the procedure. All you require is a desire to create and the willingness to take the time to

All you need to take the class is an iPad, the Procreate app, and the Apple Pencil.

Before you begin, visit the resources page on your computer and download the photos, the two brushes, the color palette, and the PDF guide.

You can show the work of the final design and any other details you would like to say.

A review can be constructive for future classes, so let us know what you think about this!

If you're prepared, let's begin this class!
