A Watercolor Floral Masterclass for Beginners: Every flower has a tale of its own However when we try to tell the story through our artwork, it's not simple. So, this class will assist you in creating 26 different floral designs, beginning with the alphabet A and finishing with Z. We will be able to explore drawing in, tracing, and painting, as well as how to transfer our learning into complete watercolor floral compositions. Every day, I will post a project you can follow, as the images will be available in the Resources section for information.

It is 31 different projects in total, which includes the entire composition.
