Soundsphat Zion Future Rave: 215 Presets to the hugely popular softsynth SERUM as a collection of drum one-shots and ten drum loop kits that cover each aspect of the exciting and innovative genre of FUTURE RAVE. 55 cutting-edge lead presets in the style of Future Rave are at your disposal, as well as four folders of different bass presets (Sustain/Marcato/Staccato/Subs). A variety of kickdrums are included within the section for percussion. These were created to cut through the mix, giving the remarkable impact of Future Rave music to your productions. Each preset is assigned a mod wheel function and four custom macros that allow users to personalize, execute, and automate their desired sound. These smokin' hot presets can help you make your next hit record within minutes. Expertly crafted and recorded by Grammy-nominated music producer Christian Beat Hirt, who has recorded more than 1500 house tracks over the last 20 years.
