Vintage Halftone Postcard Photo Effect - 281681467:

Vintage Halftone Postcard Photo Effect is a vintage halftone postcard photo effect for Photoshop, offering an easy way to create striking images with a nostalgic feel.

The effect is delivered through Smart Object layers, allowing for full customization.

Users can simply replace the placeholder image with their own, adjust settings, and save to see the final result.

The package includes two high-quality PSD files with dimensions of 4500x3000 px and 3000x4500 px, both at 300 dpi resolution, providing flexibility in design and high-quality output.
